

Plane Table Survey Practical Kit

MODEL - AK PTSPK

MAKE - AK LABS

The Plane Table Survey Practical Kit is a comprehensive educational kit designed to teach plane table surveying techniques. It enables students to perform field mapping, plotting, and topographic surveys through practical exercises, improving accuracy, observation, and surveying skills.

KIT SPECIFICATION

Experiment	Plane Table Survey & Field Mapping
Subject	Surveying, Geography & Civil Engineering
Learning Areas	Plane Table Surveying, Topographic Mapping, Plotting & Field Measurements
Components	Plane Table, Alidade, Tripod, Plumbing Fork, Spirit Level & Survey Accessories
Material	Durable, Field & Educational Grade Components
Application	Land Surveying, Geography Practicals & Engineering Education
Suitable For	Schools, Colleges, Geography Labs, Survey Training & Civil Engineering Departments

KIT DETAILS

The **Plane Table Survey Practical Kit** is an all-in-one learning solution featuring a plane table, alidade, tripod, plumbing fork, spirit level, and essential surveying accessories for practical fieldwork. It helps students understand plane table surveying, map plotting, topographic mapping, and field data collection through hands-on activities. Ideal for

schools, colleges, geography laboratories, and civil engineering education.
