

Acids, Bases & pH Kit

MODEL - AKCHEM014

MAKE - AK LABS

The Acids, Bases & pH Kit is an educational chemistry kit designed to study acidic and basic properties of substances and pH levels. It helps students understand indicators, neutralization, and pH measurement through safe, hands-on laboratory experiments.

KIT SPECIFICATION

Kit Name	Acids, Bases & pH Kit
Subject	Chemistry
Learning Areas	Acids, Bases, pH Scale, Indicators, Neutralization Reactions
Components	pH Paper, Universal Indicator, Test Tubes, Beakers, Droppers, Litmus Paper, Chemicals, Stirring Rod
Material	Laboratory Grade Glassware, Indicators & Safe Educational Chemicals
Application	Chemistry Practicals, Acid-Base Experiments & STEM Education
Suitable For	Schools, Colleges, Chemistry Laboratories, Universities & Educational Institutions

KIT DETAILS

The **Acids, Bases & pH Kit** provides all essential laboratory equipment required to study acids, bases, and pH scale. Students test various substances using indicators, observe color changes, understand neutralization reactions, and measure pH values. The kit

enhances conceptual clarity in acid-base chemistry and analytical skills. Ideal for schools, colleges, chemistry laboratories, and STEM-based learning environments.
