

Composite Stem Kit

MODEL - AK CSK

MAKE - AK LABS

The Composite STEM Kit is a comprehensive educational kit designed to promote hands-on learning in science, technology, engineering, and mathematics. It helps students develop creativity, critical thinking, problem-solving, and innovation skills through engaging experiments and practical STEM activities.

KIT SPECIFICATION

Kit Type	Composite STEM Kit
Subject	Science, Technology, Engineering & Mathematics
Learning Topics	Science Experiments, Engineering, Coding & Mathematics
Components	Educational Models, Experiment Materials & STEM Accessories
Material	Durable, Educational Grade Components
Application	STEM Education, Innovation & Practical Learning
Suitable For	Schools, Colleges, ATL Labs & Innovation Centers

KIT DETAILS

The **Composite STEM Kit** is an all-in-one learning solution featuring educational components, models, and experiment materials for practical STEM education. It enables students to explore scientific principles, engineering concepts, coding fundamentals, and mathematical applications through interactive activities. Ideal for schools, colleges, ATL

labs, innovation centers, and STEM learning environments.
