

STEAM Kit

MODEL - AK SK

MAKE - AK LABS

The STEAM Kit is a comprehensive educational kit designed to integrate Science, Technology, Engineering, Arts, and Mathematics through hands-on activities. It helps students develop creativity, innovation, critical thinking, collaboration, and problem-solving skills using project-based learning.

KIT SPECIFICATION

Kit Type	STEAM Kit
Subject	Science, Technology, Engineering, Arts & Mathematics
Learning Areas	STEM, Creativity, Coding, Design Thinking & Innovation
Components	Educational Models, Experiment Materials & Creative Tools
Material	Durable, Educational Grade Components
Application	STEAM Education, Project-Based Learning & Innovation
Suitable For	Schools, Colleges, STEM Labs, ATL Labs & Innovation Centers

KIT DETAILS

The **STEAM Kit** is an all-in-one learning solution featuring educational models, experiment materials, engineering components, coding resources, and creative activity tools. It enables students to explore interdisciplinary concepts through practical projects combining science, technology, engineering, arts, and mathematics. Ideal for schools, colleges, STEM

labs, and innovation centers, it promotes experiential and competency-based learning.
